

## Final Pass for Hurricane Helene Right of Way Debris Removal Begins Soon!

We've come a long way since Hurricane Helene devastated Haywood County, Canton, Clyde, Waynesville, and Maggie Valley. Together we continue to navigate the challenges. As we approach the six-month anniversary, and as recovery continues, the **last pass for right of way debris removal** will be March 28th, 2025. This last date for right of way debris pickup is for Haywood County, Canton, and Clyde, and Maggie Valley.

The final day for right of way debris removal in Waynesville was February 28, 2025.

If you still have storm debris, please follow these guidelines to ensure safe and efficient pickup:

- ✔ **Place all debris on the right of way along the road.**
- ✔ **Keep debris clear of fire hydrants, fences, mailboxes, and other obstacles.**

We are actively working to secure contracts for private property debris removal in unincorporated parts of the county. The hope is to have this work begin in the next few weeks.

Thank you for your patience and support as we work together to rebuild Haywood County.

Cheers,
